

**2020-2021 President's
Annual Report &
Excellence Awards**

PRESIDENT'S MESSAGE

Dear Friends of UHV,

The 2020-2021 year continued to challenge the University of Houston-Victoria and the communities we serve as we worked from home, taught or took online classes, attended virtual events, wore masks and socially distanced.

Despite the changes we all faced, there were many bright spots throughout the year as we opened two new buildings, offered new degree concentrations, partnered with the community on projects and helped students move toward their goal of earning a degree.

I hope you will enjoy this online annual report that allows us to make information about the year available to a wide audience. We also have featured videos and highlights from the Nov. 9 President's Annual Report & Excellence Awards program.

Here are just a few of UHV's highlights from 2020-2021:

- The **M.G. & Lillie A. Johnson Foundation** committed to providing \$2 million for the university's first student recreation and health center. The gift, the largest in the university's history, will help fund construction of the center along with a student fee that UHV students voted in December 2018 to approve.
- We opened two new buildings: **University South**, which is dedicated to science, technology, engineering and mathematics programs, and **UHV Northwest**, home of the UHV Small Business Development Center, Center for Regional Collaboration, Athletics and the university's kinesiology program.
- UHV announced that it would be showcasing the work of **Houston artist Tom Sayre** with the upcoming outdoor installation of "Contemplation," a painted steel sculpture that is part of the Public Arts of the UH System collection.
- Readers of Living Magazine voted UHV the **Best College or University in Katy and Fulshear** for the third consecutive year, while Katy residents voted UHV as a top college choice in the **2021 Katy Times' Best of Katy** contest.
- Representatives from UHV and **Harmony Public Schools** signed a partnership agreement to streamline admission, provide scholarships and offer resources for Harmony students attending UHV after high school graduation.
- The university announced its new **UHV Commitment** housing scholarship, which is renewable for up to four years for new and returning full-time students who live on campus.
- UHV joined more than 60 institutions participating in the **2021-2022 OpenStax Institutional Partner Program** to provide students with openly licensed college textbooks offered free online or low cost in print.

- The **UHV Diversity and Race Task Force** launched its first initiative, the CommUNITY Book Club, a collaboration between the university, United Way of the Crossroads, Be Well Victoria Coalition and the Center for Peace that encourages community members to read and discuss books written by diverse authors about race and diversity. It also established the UHV Library Fund for Diversity Resources to support the purchase of literature representing diverse authors and experiences.
- Donors contributed **\$2,896,065** to the university throughout the year, including more than \$400,000 for Kay's Grove, a campus memorial landscape garden being constructed in honor of **Kay Kerr Walker**, a former member of the UH System Board of Regents and longtime supporter of the UH System and UHV.
- Numerous state and national organizations ranked UHV for our quality and affordable **degree programs**.

Because of the way UHV and our area communities continued to push forward through the challenges that we experienced this year, our theme for the annual report is **Up to the Challenge**.

As you look through this website, be sure to view the short videos featuring students, faculty, alumni and community members talking about how UHV has made a difference in their lives. You also will see videos of our special recognition award recipients.

As I look at the changes at UHV this past year, I am thankful for the support we have from Victoria and the region. Without our students, faculty and staff, our generous donors and our supportive community, these accomplishments would not have been possible. We are all definitely **Up to the Challenge** of making this region a better place to live, work and play.

Sincerely,

A handwritten signature in black ink that reads "Robert K. Glenn" followed by a horizontal line.

Robert K. Glenn
President, University of Houston-Victoria

ACADEMICS

Each year, UHV's three schools are up to the challenge of creating new academic programs and make improvements to better meet the needs of the university's students and the community.

Here are just some of the academic highlights from UHV's three schools that took place in 2020-2021:

School of Arts & Sciences

- A \$198,028 **U.S. Department of Defense National Defense Education Program for STEM grant** was awarded to UHV for a two-year project in collaboration with Alabama A&M and Navajo Technical universities. The project is helping UHV students interested in science, technology, engineering and mathematics prepare for internships and technical careers in national security and defense.
- The Specialist in School Psychology program was awarded a **national accreditation** that is helping UHV recruit new students and streamline the professional certification process for the program's graduates. The accreditation through 2028 from the National Association of School Psychologists makes UHV one of only 13 universities accredited in Texas.
- The school announced it would begin offering **new degree concentrations** in the latest technologies for its students majoring in computer information systems. Students earning a bachelor's degree now can select from concentrations in cybersecurity or data science, while graduate students can choose from cybersecurity, data science or artificial intelligence concentrations.
- **Free, virtual courses and camps** for middle and high school students interested in science, technology, engineering and mathematics were offered throughout the year. These courses and events included a Data Science Summer Camp and an after-school Robotics, Programming and Simulation Course, both for high school students, and a Texas Women in Computing Summer Camp for middle school girls. Many of the events were funded by a \$30,000 grant from Alcoa Foundation.

School of Business Administration

- The **"Bridge to Brilliance – Building Resiliency to Inspire, Develop and Grow Entrepreneurship"** virtual monthly series was launched by a subcommittee of the school's Dean's Advisory Board to connect UHV students with area business owners and interested community members. The free presentations featured speakers followed by a discussion period about topics such as financial literacy, networking strategies and how to expand career opportunities.
- The Strategic Master of Business Administration was recognized as a top program when the **Princeton Review** included it in its list of Best Business Schools 2021: Best On-Campus MBA Programs. The list included schools worldwide and was determined using factors such as institutional data and student surveys. The school also ranked No. 7 in the Greatest Resources for Minority Students category.
- The **Houston Business Journal** ranked the Strategic MBA on its list of 2021 Largest Houston Area MBA programs. The Strategic MBA is offered online and face to face at the UHV main campus in Victoria and the UHV Katy instructional site.

- Ten alumni representing different business professions spoke to students virtually during the school's 11th annual **Alumni Week** about their professional journeys and how to be successful.

School of Education, Health Professions & Human Development

- The school's graduate counseling program updated its degree offering to a **Master of Science in Professional Counseling** with tracks in clinical mental health counseling and professional school counseling. The change from a Master of Education to a Master of Science was made to increase professional opportunities for students after graduation. The degrees are nationally accredited by the Council for the Accreditation of Counseling & Related Educational Programs and are the only CACREP-accredited professional counseling degrees available in the Victoria and Greater Houston areas.
- Twelve UHV alumni were named **teachers of the year** for their outstanding work at their respective schools in the Victoria Independent School District. The school offers 11 certifications for students who want to become teachers.
- The **Victoria Alliance Against Chronic Kidney Disease Program**, which focuses on ways to reduce chronic kidney disease in at-risk populations, held meetings online because of the pandemic and then expanded with a new program called "Getting Better, Together." The new program focuses on improving area residents' mental health and is led by two UHV faculty members. Both programs are funded by a grant from Blue Cross and Blue Shield of Texas.
- A **virtual pinning ceremony** was held for the first time for 11 students graduating from the Registered Nurse to Bachelor of Science in Nursing program. Students were sent a unique UHV nursing pin to wear on their lapels to let patients know that well-educated nurses are caring for them. Nursing Schools Almanac, a national nursing website, also recognized the program as one of the best in Texas.

STUDENT AFFAIRS & ATHLETICS

UHV offers plenty of activities, programs and learning experiences that challenge students to grow and have fun outside of the classroom.

In 2020-2021, more than 85 students learned leadership skills at the seventh annual **ROAR Leadership Conference**, which was held virtually. In addition, 15 students – the most since the program started in 2017 – earned certifications through the **ROAR Certified Leader** program, which encourages students to think critically about their leadership skills and how those skills could impact their future careers.

A new position in Student Affairs, the **assistant director of diversity and inclusion**, was created to implement new university diversity, equity and inclusion initiatives, including the formation of a **Multicultural Advisory Council**, a student organization open to all UHV students. The assistant director also started a monthly virtual Brave Space Series, created a Diversity & Inclusion campus newsletter, and facilitated more than 40 programs, including the first RISE Diversity Conference and a First-Gen Panel.

Here are some more Student Affairs highlights from the year:

- Students gave back to the community by donating blood through the South Texas Blood & Tissue Center, helping in the UHV Community Garden and participating in several service projects during **National Volunteer Week**, including volunteering at the Food Bank of the Golden Crescent.
- **Career Services** assisted more than 450 students with job searches and career coaching through individual sessions. The office also hosted job fairs and presented more than 20 workshops virtually to classes about topics related to resume writing, career planning and personal branding.
- Residence Life opened its newest suite-style residence hall, **Don & Mona Smith Hall**. Named in honor of the university's provost emeritus, Don Smith, and his wife, Mona, the three-story, 280-bed residence hall features 76 suites with two different floor plans. Smith Hall has a common kitchen area and a study room with a computer lab for students. The laundry area is located on the first floor along with a TV and gaming lounge that exits into an outdoor courtyard.
- **JP's Market**, a free food pantry and career closet open to UHV and Victoria College students, had another successful year thanks to support from the Food Bank of the Golden Crescent and donations from students, faculty, staff and the community. The initiative served 280 students and provided 11,900 pounds of food. In response to COVID-19, JP's Market increased the days it was open while implementing social distancing protocols and creating an online ordering system. The market also recently moved to a larger location in Jaguar Hall.
- UHV hosted its first virtual **Homecoming Week** with the theme "Jaguars Stay HOMEcoming." The week included a virtual kickoff, yoga, a game night, a career panel, the sixth annual talent show and more.

- Despite the pandemic, Student Life was able to provide more than **120 activities for students**, including virtual events, social media challenges and in-person passive programs while enforcing social distancing. Some activities included virtual trivia and movie nights, Fitness Fridays and challenges, Involvement Fairs and Holiday Specials.
- The **Counseling Center** hosted more than 50 educational programs related to mental, physical and sexual health, and reducing substance abuse. The center also expanded services for students with medical, mental health, economic, social and behavioral needs through interventions, referrals and follow-up services.
- The eighth annual **Student Organization and Leadership Awards** were announced virtually for the second year in a row. During the event, several new student organizations were chartered.
- **Disability Services** continued to see a rise in students receiving academic accommodations and support services. More than 165 students registered with the office, ensuring they received equal access to participate in and benefit from academic programs and activities.
- **Shuttle Services** provided transportation to more than 10,000 individuals during the academic year and accommodated more than 20 special services trips outside of normal operations.
- **Testing Services** served 525 unique visitors during the academic year in both Victoria and Katy. Services included coordinating exams with departments at UHV, education companies and government agencies.
- Five summer **ROAR Orientation** sessions were offered virtually: three for first-year students, one for transfer students and one for UHV Katy students. A new initiative, the **ROAR First-Year Festival**, welcomed 100 first-year students and family members to campus. The festival included live music, panel discussions, a resource fair, campus walking tour, city shuttle tour, giveaways, food and opportunities for first-year students to complete last-minute to-do items.
- After being held virtually the previous year, **Jaguar Journey Welcome Weekend** was attended by 120 first-year students Friday through Sunday before the fall 2021 semester started. Events included presentations about different departments, group time with orientation leaders, campus tours, a panel discussion about relationships and sexual misconduct, campus tag, big money bingo, evening entertainment, a rep your group competition and a closing ceremony.

Athletics

UHV's student-athletes and Athletics staff were Up to the Challenge to represent the university during a year that saw all six teams compete in the spring because of the COVID-19 pandemic.

Three of the Jaguars teams won conference tournaments and advanced to the National Association of Intercollegiate Athletics National Championships.

Men's soccer won its second consecutive regular season Red River Athletic Conference Championship and earned the No. 1 seed in the conference tournament. The Jags lost in the semi-finals. Men's soccer has gone two straight conference seasons without a loss, a streak that stands at 15 games going into 2021.

Victoria played host to the Association of Independent Institutions Conference Golf Tournaments. Home course advantage held true as the Jaguars men's and women's golf teams won their respective tournaments to advance to the **NAIA National Championships**. The men competed in the program's first-ever national championship and finished 14th. The women's team made its second appearance at nationals and finished 30th.

The softball team won the RRAC tournament to advance to the NAIA National Championship Opening Round, and for the first time in program history, the team won the opening round bracket to advance to the **NAIA Softball World Series**. The Jags dropped the opening game and won the next game, but the run ended with a 3-1 loss to Bethany College. The Jags finished the season ranked 19th in the NAIA.

Off the field, a record number of the university's student-athletes were recognized for their excellence in the classroom with 80 Jaguars named **RRAC Scholar Athletes**.

Here are some more of the year's highlights for the Jaguars:

- Fifty-six student-athletes were named to the Fall 2020 **UHV President's and Deans' lists**, while 43 were recognized on the Spring 2021 lists. To qualify, students must have a minimum 3.5 GPA.
- Defender Connagh Wilks and forward Karlo Lopez were recognized on the **NAIA Men's Soccer All-America honorable mention soccer team**.
- Wilks also was named **RRAC Defensive Player of the Year** while Lopez was voted the **RRAC Newcomer of the Year**, and both made First-Team All-Conference. Also named to the RRAC All-Conference First Team were soccer players Gian Marco Cordoba, Oliver Nugent and Brandon Watts, while Adrian Rodriguez, Sebastian Leal and Winner Assi were named to the second team.
- Head coach Adrian Rigby was named the **RRAC Men's Soccer Coach of the Year** for the second straight year and picked up his 100th career coaching victory in men's soccer with a 2-1 win over Texas A&M-Texarkana.
- The baseball team entered the **RRAC Baseball Championship** as the fifth seed, losing to eventual conference champion LSU-Shreveport in the semifinals.
- The men's golf team achieved its **highest ever regular season ranking**, No. 17, in the NAIA coaches' poll.
- Softball player Ashley Reyna was named the **RRAC Co-Defensive Player of the Year** and to First Team All-Conference, while Marisa Mendoza and Kaylle Acosta were named to the first team, and Cameron Cowan was named to the second team.
- Reyna also was named to the **NFCA All-Region first team**, while Acosta was named to the second team.
- Baseball coach Terry Puhl collected his **300th career coaching win** – a 5-4 win over Loyola-New Orleans.
- Sports information specialist Paul Ebner was named the **RRAC Sports Information Director of the Year**, and head trainer Thomas Pribyl was named the **RRAC Athletic Trainer of the Year**.
- Athletic Director Ashley Walyuchow was selected as president of the **NAIA Athletics Directors Association**.
- Michelle Kristoff and Will Paton were named to the **CoSIDA Academic All-District NAIA** first team in softball and golf, respectively.

AWARDS & HIGHLIGHTS

COMMUNITY PARTNERSHIPS

Each year, community members and businesses rise to the challenge to give to and partner with UHV to create opportunities that benefit everyone.

In 2020-2021, UHV was fortunate that 1,088 unique donors contributed to 97 scholarship funds, academic programs, construction and building projects, and other initiatives. Gifts totaling \$2,896,065 ranged from \$1 to \$2 million, the largest gift in the university's history. In addition, the second-largest number ever of UHV faculty and staff made financial contributions to the university with 225 employees making a gift.

Here are some examples of community partnerships that took place in 2020-2021:

- The second annual **UHV History Day** featured keynote speaker Hilary Green, an associate professor of history at the University of Alabama and a Vann Professor of Ethics in Society. She gave a free, virtual lecture titled "Confederate Monument Removals: Contextualizing the Post-George Floyd Moment."
- The UHV Library hosted events for students and the community to draw attention to national **Banned Books Week**. Events included a Virtual Read Out that featured videos posted on social media of employees reading from challenged and banned books. Blind Date with a Banned Book encouraged library patrons to check out books that were wrapped in brown paper with only the genre and the reasons the book was censored or banned written on the outside.
- UHV served as an **early voting site** for the first time as a convenience to both students and community members ahead of the 2020 general election.
- The **Albert and Mary Dick Charitable Trust** made two donations totaling \$15,000 to the UHV Student Emergency Fund, which provides grants to students experiencing sudden hardships that could prevent them from staying in school. Students must apply for assistance, and grants are for \$300 or less.
- The UHV **Small Business Development Center** used funds provided by the federal coronavirus aid bill to offer a free Master Class virtual series to help area small business owners learn ways to have their businesses survive and thrive during the pandemic.
- For the first time, UHV Career Services partnered with **Townsquare Media**, a radio, digital media, entertainment and digital marketing solutions company, to provide internship opportunities for students majoring in communication.
- The UHV **Center for Regional Collaboration** partnered with Texas Rural Funders and Connected Nation Texas on a project to help rural communities in DeWitt, Lavaca and Refugio counties get broadband internet service for their residents.
- Faculty, staff and students volunteered throughout the spring to help the Victoria County Public Health Department provide **COVID-19 vaccine clinics** at the Victoria Community Center. Volunteers greeted people, provided clerical support and directed attendees to vaccination stations.

- The top three winners of the annual **Black History Month Poster Contest** for area fifth-graders were awarded UHV and Victoria College scholarships and swag bags. The theme for the contest was “Black Politicians: Then and Now.” Prizes and certificates were delivered to the top winners at their respective schools. The contest is a partnership between UHV, VC and the Victoria Black History Committee.
- The **Cuero Community Foundation** made a \$5,600 donation to the university to provide scholarships for Cuero High School teachers to take graduate courses so that they would be certified to teach UHV dual-credit courses to their students.
- UHV International Programs hosted a free, virtual version of its annual **International Festival**, showcasing different countries, cooking demonstrations and crafts from different cultures to community members, and UHV faculty, staff and students.
- A new internship agreement with **Citizens HealthPlex** fitness and wellness facility allowed students studying kinesiology to gain real-world experience in exercise science careers.
- More than 60 graduating students brought their families to campus for the **Jaguar Ring Celebration**, where they had photo opportunities with celebratory signs, the UHV mascot and the box that held the class rings after it was blessed by jaX, the university’s real-life jaguar mascot at the Texas Zoo. Students also got to take home a swag bag with custom-made UHV cookies and dunk their hands in a mixture of red dye and water from the Guadalupe River to turn their hands red for 24 hours to signify their time at UHV.
